

# HELP US CLAIM BACK AN EXTRA 45% OF THE VALUE OF YOUR KIND DONATION

**Because you have donated over €250 (€21/month) in a calendar year, we can claim an EXTRA 45% from Revenue, at no cost to you.**

**That's how it works.**

**That's how simple it is.**

**GOT QUESTIONS?  
Read on for all the  
answers...**

## *"I don't like sharing my tax details"*

You don't need to tell us how much you earn or what tax rate you pay. All we need is your signature and PPS number.

We retain this information securely and only for the purpose of obtaining tax rebates.

## *"Does signing the CHY3 form cost me anything?"*

No, not a cent. Returning the form does not change your tax situation. There is no way for you to claim the tax rebate yourself.

## *"How much extra can the charity receive from the tax rebate?"*

45%! For example if you donate €250 (€21/month), Barretstown can claim an extra €112 from Revenue, making your donation worth €362.

## *"Am I associated with the approved body (charity)?"*

No, you do not need to tick this box unless you are an employee of Barretstown. Donors and volunteers are not considered as being associated with Barretstown. See the official notes for more details.

Thank you for the magical support you give to children with a serious illness - you're a Super

***“Will I have to donate for 5 years if I sign the Enduring Certificate CHY3 form?”***

Signing the CHY3 Enduring Certificate does not oblige you to donate for the next 5 years. It simply means that if you choose to support us again in the next 5 years we can claim the tax back without the need for more forms, saving time and admin costs. If you would prefer not to sign the 5 year form you can complete an annual CHY4 form, valid for 1 year.

***“I am self-employed, can I claim it myself?”***

Not anymore. Since 2013 self-employed people can no longer claim tax relief themselves. Only the charity can claim it on their behalf.

***“What if I support more than one charity?”***

Each charity can claim the tax relief, so long as the total value of the claims is less than the amount of tax you paid in that year.

***“I don't think I pay tax - I am not employed or I don't have a pension?”***

You don't need to be working full time. The amount of tax you pay in a year should at least equal the tax rebate to the charity, so you don't have to be paying a lot of tax. For example, if you donated €250 the tax rebate would be €112, so you would only need to have paid €112 in tax in the whole year. People often pay tax on other forms of income such as pensions, social welfare payments and investments etc.
